.VOX is an original graphic concept artbook! A resonance between music and images, the power of rock and electric colors, VOX is a rockbook, the place where the graphic universe of Matteo De Longis explodes! The richness of the author's creative universe can be read through the diversity in the explored themes: musical instruments, intense and sensual women, planes, guns, cars this graphic variety doesn't fail to stimulate and intrigue. Presented in electric yellow transparent packaging the size of an LP record sleeve, this artbook is both lavish and singular."
